About the MSAE Preparation Course

Since 1998, MSAE’s prep course has demonstrated success with an average pass rate of more than 90 percent, touting participants from over 45 states and over 5 countries. This program has helped more association executives become CAEs than any other entity through gaited computer and phone assisted online live learning; writing the original CAE Study Guide; generating reading outlines by domain; mock exams, and; CAE Terminology and Key Concepts Flash Cards. Prep course participants can call in from anywhere. Conference calls are also recorded for those who are unable to participate at the scheduled time.

Requirements

Candidates are required to have been employed full-time for three years as a chief staff executive OR five years as an executive association manager. Candidates must also have completed 100 hours of broad-based, association management-related continuing education or professional development within the last five years. This education must be directly related to nonprofit management. It should not be industry-specific, or required for candidate’s particular position within their organization. Consultants are now eligible.

Benefits of Becoming a CAE

- **Value and recognition** particularly among board leaders, members, and those involved in hiring nonprofit professionals.
- **Creates connections** through a range of CAE-only events and increased volunteer leadership opportunities through Michigan Society of Association Executives (MSAE), other state organizations, and the American Society of Association Executives (ASAE).
- **Self-confidence.** Seventy percent of CAE test takers report enhancing knowledge, improving advancement opportunities, and evaluating their status as their motivation.
