

Quarter Century EPIC BIKE RIDE

Wednesday, June 2, 2021
10:00 AM start time

Come ride with us on a no-drop bike ride around scenic Chattanooga. The route this year is about 24 miles long and starts along the Tennessee River, then crosses into Georgia at the foothills of Lookout Mountain and winds through the Chattanooga Valley. The max grade is 7.6% and we will climb a total of 900 feet over the course of the route – this is a great ride, and the gentle rollers will give you just enough of a sense of accomplishment that you will have earned your time at the beer pour (separate registration required).

- **Bring your own bike and water bottles. Helmets are required!**
